

# RENTAL PROGRAM

## The Ambrell Rental Advantage

Ambrell offers a range of induction heating systems for short- or long-term rental. The system includes the power supply, workhead, cooler, pyrometer and a standard coil.

For projects requiring a custom coil design, Ambrell can provide an engineered coil along with your rental.

All equipment will be supported by the Ambrell warranty throughout the duration of the rental.

**A “rent-to-own” option is available for customers wanting to try out induction heating before committing to buy.**

## Reasons to Rent

- Trial induction heating
- Limited CAPEX
- Short-term need
- Demand forecast unknown
- Long-term warranty
- Upgrade to latest technology
